

## Forensic Accountant/Senior Forensic Accountant

YIP Associates, a leading forensic accounting firm serving clients in the United States and abroad from its offices in Florida, New York and New Jersey is looking for qualified Forensic Accountants and Senior Forensic Accountants to expand its offices located in Red Bank, New Jersey and New York City. Forensic Accountants (2-4 years of relevant experience) will provide supporting forensic accounting and auditing services on new and existing assignments, including performing detailed analyses on financial information, preparing work papers, drafting reports and working within established time and budget restrictions. Senior Forensic Accountants (5-10 years of relevant experience) will manage all forensic accounting related aspects of new and existing assignments, including supervising staff, reviewing and finalizing client deliverables, managing client expectations and ensuring that the work gets done within established budgets and timelines. Individuals with experience providing accounting, auditing, integrity monitoring, internal controls, compliance, litigation support or other financial forensic services to public and private clients within the construction industry will be strongly considered. Only candidates who conduct themselves in a professional manner, are self-motivated and possess strong technical, analytical, and communications skills should apply.

### Job Requirements:

- Accounting and/or Forensic Accounting degree.
- Forensic Accountants must have a minimum of 2 years of relevant experience and Senior Forensic Accountants must have 5+ years of relevant experience in the areas of accounting & auditing, financial investigations, litigation support, integrity monitoring, regulatory compliance, development of fraud risk assessments and evaluation of internal financial controls.
- Must be self-motivated and possess strong technical, analytical, and communications skills (both verbal and written).
- Must have advanced Excel and data analytic skills.
- MBA, CPA, CFE, CRFAC, CIA, CCA or other nationally recognized forensic or construction industry accreditations are considered a strong plus.
- Candidates with accounting/auditing experience in the construction industry will be most strongly considered.
- Candidates will be required to travel as needed for assignments (20%-25% travel expectation), mostly within the New York/ New Jersey Metropolitan area.
